

# KK790Y

## VSM COMPACTGRAIN Plus

### Product profile

<b>Bonding</b>	Full-resin bonded
<b>Colour</b>	Red-brown
<b>Backing</b>	Y-Polyester
<b>Flexibility</b>	Very sturdy
<b>Production width</b>	1.090 mm

### Materials

### Features

The latest generation of long-term abrasives with continuous self-sharpening effect and reduced grinding costs thanks to fewer tool changes. A uniform and consistent wear behaviour translates into a more consistent scratch pattern and a more uniform surface roughness throughout the entire service life of the product.

### Grit range:<sup>1)</sup>

## Benefits

- > A substantial increase in service life leads to an increase in productivity
- > A more uniform surface quality with a more consistent surface finish and constant stock removal
- > An improved grain adhesion ensures maximum utilization of the granulate
- > Fewer tool changes reduce grinding costs and improve process stability

## Wear pattern of the grain

Thanks to an optimized grain reserve in conjunction with improved bonding properties, **VSM COMPACTGRAIN Plus** series feature a more uniform wear pattern. This means that the whole granulate is used down to the substrate.
